**COLLABORATIVE GRANT APPLICATION:** When you choose to submit a collaborative application, one organization must serve as the lead organization and submit the application (only one). Your collaboration can be with more than one organization. A collaborative partnership is when a group works together in a joint endeavor that pools common interests, assets, and
professional skills in order to promote broader goals and outcomes for the entire group's benefit.

The application should contain all of the information about the other not-for-profit(s) in the partnership. The grant applicant (lead organization) is the organization of which the required organizational logistics should be submitted. The other partner needs to provide a letter of support in agreement with the partnership. Collaborative applications must be for a program grant. The partner not-for-profit(s) will determine (and state so in the application) how the grant funds will be distributed. Options include: all funding through the lead organization, direct checks from CFNEA to all partner agencies, or some other method. The lead organization is responsible for grant reporting. All partners are responsible for compliance of the grant.

APPLICATION REVIEW: Reviewers will evaluate grant applications on a numerical system with points ranging from 0-100. An application must score 70 and above to be considered for funding. (Funding is not guaranteed if the applicant scores above a 70.) There are two extra credit opportunities worth a total of 20 points. Collaborative grants involving two or more NFPs will earn an additional 10 points. NFPs who have achieved Standards for Excellence® accreditation will earn an additional 10 points. Your application may earn a total of 120 points.

AWARD AND REPORTING PROCEDURES: Grant awards under $3,000.00 will receive 100% of the award amount upon receipt of the signed grant agreement. The final report must be submitted on-line through the grant portal.

Grant awards over $3,000.00 will receive 50% of the award amount upon receipt of the signed grant agreement. A semi-annual report must be submitted on-line through the grant portal. After this step is completed, the remaining 50% of the award amount will be disbursed. Failure to submit a semi-annual report will result in the forfeiture of the remaining grant award. The final report must be submitted on-line through the grant portal.

Failure to submit a final grant report will result in your organization being ineligible to apply for another grant from the Foundation.
